Four StarsBy MenosamorEntertaining look into the life of David Mirisch.0 of 0 people found the following review helpful. Five StarsBy CustomerAmazing look in to the life of a Hollywood legend. Great pictures and writing.

The David Mirisch story is a story of a man who built bridges in Hollywood, bringing more stars together (even creating some of them) than anyone else before him. From America to China, David's honesty and attention to detail became a magnet for the hottest stars in Hollywood. What stars loved the most, however, was the trust they could place in his hands. David's legacy lies in the personal relationships he held with his clients, showing they always meant more to him than where they originated from - his gold rolodex.
